Mukuni Big 5 Safari started operating in 2008. Located in Livingstone, popularly known as the tourism capital of Zambia. The mighty Victoria Falls is 3km away from where Mukuni Big 5 Safaris is located.

We are pioneering the breeding and hopefully future release of Cheetahs here in Zambia, this being the important aspect of our Volunteer and Cheetah Conservation Trust.

We are also committed to the education of our youth using our "education through conservation" programme conducted at our site for school children as well as at the schools themselves.

We recognise the need for our youth of today to respect and conserve our animals for the future. The future of these animals is and will be in the hands of the youth of today.
